PENQUONO

by STEPHEN WEST

WEST
KNITS

Gather a colorful array of stash and scrap yarns and knit a versatile statement piece! Begin with a seed stitch rectangle followed by a series of welts on the back. The sides and fronts are knit sideways in garter stitch with simple v-neck shaping. Then, work two rectangles for the shoulders and tapered seed stitch sleeves. Garter stitch short rows form the collar and another garter stitch rectangle forms the bottom band, all outlined in I-cord. Upon completion, you have a fun short sleeved jacket, but flip it upside down and it becomes a long dramatic and shapely coat. The improvisational stripes and color blocks provide endless entertainment and you can add fringe to the back for extra drama. I imagine if a Penguin were to wear a type of kimono jacket in my dream world, it would look something like this, a Penguono!

FINISHED MEASUREMENTS

42 [48, 54, 60, 68, 80]" / 107 [122, 137, 152, 173, 203] cm chest circumference.

XXL sample is modeled on a 41" / 104cm chest circumference with 27" / 69cm of positive ease. Garment is designed to fit with a dramatically oversized, boxy effect.

Chest circumference is determined by row gauge so you can mix yarns with a different needle and gauge for another size

80" / 203cm	10 sts / 24 rows	Chunky

- 1 strand worsted weight + 1 strand fingering or lace weight
- 2 strands DK weight
- 3 strands fingering weight
- 1 strand DK weight + 2 strands fingering or lace weight

PATTERN NOTES

Instructions include when to break yarn after each section, but instructions do not indicate what colors to use or when to stripe yarns. Those choices are totally up to you! Improvise and play with stripes and color blocks within each section. The instructions include several photos to use for color and construction reference.

As you knit each section, you can refer to this front and back view to visualize and plan your color choices. Each number corresponds to that section's number in the written instructions.
